

The Consumer Bankers Association (CBA) has chosen to challenge Indiana's Telephone Privacy law in a proceeding before the FCC. I believe imposing a federal "established business relationship" would not be in the best interest to the people of Indiana. I appreciate the fact that we have privacy laws in this state and do not wish that to be disturbed. If I wish to do business with any of these establishments, I would do the research on my own. I do not wish to be "disturbed" with telephone calls pushing their sales, which really is all this boils down to.

Thank you.
